

## **Lifting restrictions:**

For Sunday Mass, church **doors will be open** from 9.15am (South Door) and 9.30am (West Door).

There is **no one way system** in place anymore.

**Hand sanitizers** remain available at the entrances, the lectern and at Holy Communion.

**No contact details** will be taken of those attending the service.

**No booking** is required.

There are **no restrictions to how many people** can attend Sunday Mass, though the nave is chaired up for 180 worshippers. Seating is arranged in nine rows a 10 seats on each side.

There are **no reserved seats**.

People who wish to distance physically from others may choose to use **'Please do not sit here' signs** to create some space on either side of their seat.

**People may choose to wear or not to wear face masks.** Those who do not wear face masks are asked to respect that face mask wearers might require some physical distance between themselves and others.

We are grateful for the services of our **choir** and enjoy **singing** together again.

The **lectern** will not be wiped down between users. Hand sanitizers are available for use.

The **Gospel procession** will be reinstated.

People may **share the Peace** physically if they are comfortable with that. People are asked to be mindful of those who may not wish to share the Peace physically. A good indicator may be that those wearing face masks might want to observe physical distancing. If in doubt, ask.

The priest will continue to sanitise hands and wear a face mask when administering **Holy Communion**.

**Laying on of hands, anointing and the washing of hands** at the Maundy Thursday liturgy are reintroduced with an emphasis on care for personal space and hand sanitising.

The **holy water stoups** will be filled for people's use.

The **accessible toilet in the rotunda** is available for your use. Please maintain good personal hygiene and wash your hands. The toilets in the church hall will also be available unless there is a hall booking.

**Refreshments** will be available after Mass if we can re-establish a team of volunteers to prepare the space and the refreshments and tidy up afterwards.

### **The Common Cup**

The Common Cup will currently not be reinstated. The PCC will review this on a month to month basis.

**Please do not come to church if you feel unwell**, especially if you experience any COVID19 related symptoms, like a head ache, temperature, runny nose, loss of sense of taste or smell, cough or other cold and flue related symptoms.

If you have access to **Lateral Flow Testing** before coming to church, please do so.
